# INTRODUCTION and GENERAL INDEX

---

HILL DIRECTORY COMPANY, publishers of South-eastern Directories, (publishers of the Ahoskie City Directory since 1959) present to subscribers and the general public, this, the 1963 edition of the Ahoskie City Directory, which also includes the Rural Route Residents.

Confidence in the growth of Ahoskie's industry, population and wealth, and in the advancement of its civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Ahoskie to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Ahoskie Directory will fulfill its mission as a source of authentic information pertaining to the community.

## Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the community, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the community. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In a busy and diversified community like Ahoskie, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns, is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Ahoskie, and the name, official personnel, nature and address of each firm and corporation.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by

the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of tenant-owned homes and the listing of telephone numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

#### **Community Publicity**

The Directory reflects the achievements and ambitions of the community, depicting in unbiased terms what it has to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free reference, and serve as perpetual and reliable advertisements of Ahoskie and vicinity.

#### **The Ahoskie Out-of-Town City Directory Library**

Through the courtesy of the publishers of the Ahoskie City Directory, a Directory Library is maintained in the offices of the Ahoskie Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the U. S., Canada and Puerto Rico by members of the Association of North American Directory Publishers.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

#### **Facts About Ahoskie, North Carolina**

Ahoskie, the youngest incorporated town in Hertford County and the center of its commercial and industrial life, is located between the Roanoke and Chowan Rivers, in the northeast section of North Carolina.

Aerial view of Ahoskie showing the main business and industrial area.

Showing sales being tabulated at the Ahoskie Tobacco Market.

This progressive town, ever on the alert for new ideas for growth, is the largest town in Hertford County, and can readily claim the title of "The Trading Center of the Roanoke-Chowan Section."

The main economy is derived from a large surrounding farming area, with the chief crops being tobacco, cotton, corn and peanuts. The first tobacco market was established here in 1907, and the present market, one of the largest one-set buyer markets in eastern North Carolina, with 6 warehouses covering an area of 235,000 square feet, gives quite a financial boost to the area during the tobacco season. The annual 8 weeks season gives a gross sale of over 8 million dollars.

Industry in Ahoskie is gradually replacing farming as the leading economy. Lumber and wood products lead in

employment. The manufacture of children's garments, and all types of pleasure craft boats are an important part of the industrial progress. Like people of other towns and cities, the people in Ahoskie are beginning to realize the need for more industry to supplement the farm income. Every effort to raise the standard of living and to encourage new industries to locate in this area is being made.

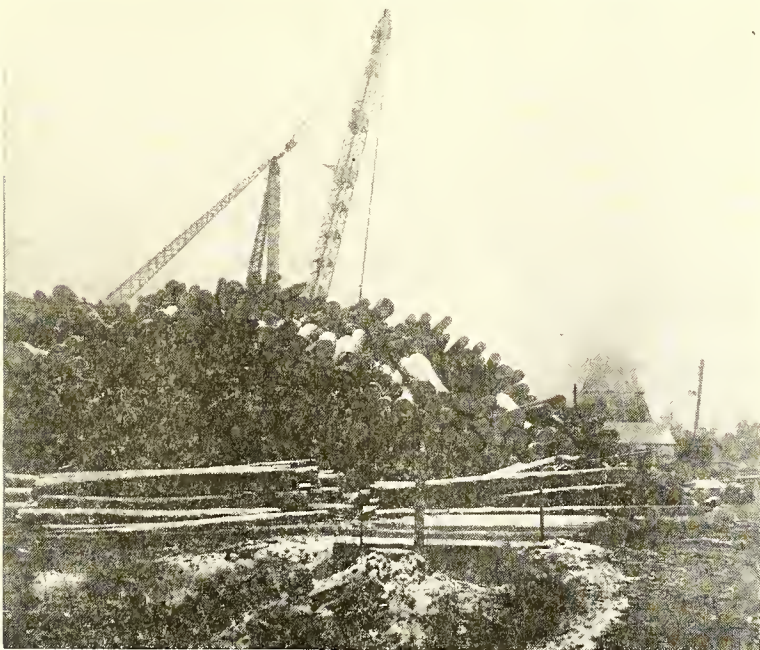

For a town of its size, Ahoskie is well favored with wholesale establishments, being one of the largest wholesale distributing points per population in the world. There are 7 wholesale houses serving an area of more than 75 miles and employing between fifty and one hundred people each.

In keeping with its slogan, Ahoskie has a better than average quality of merchandise with 74 retail firms keeping pace with the modern trends. The store buildings are clean and progressive looking. Those who have not recently remodeled have repainted with bright cheerful colors. The theme is "Shop at home for quality and service."

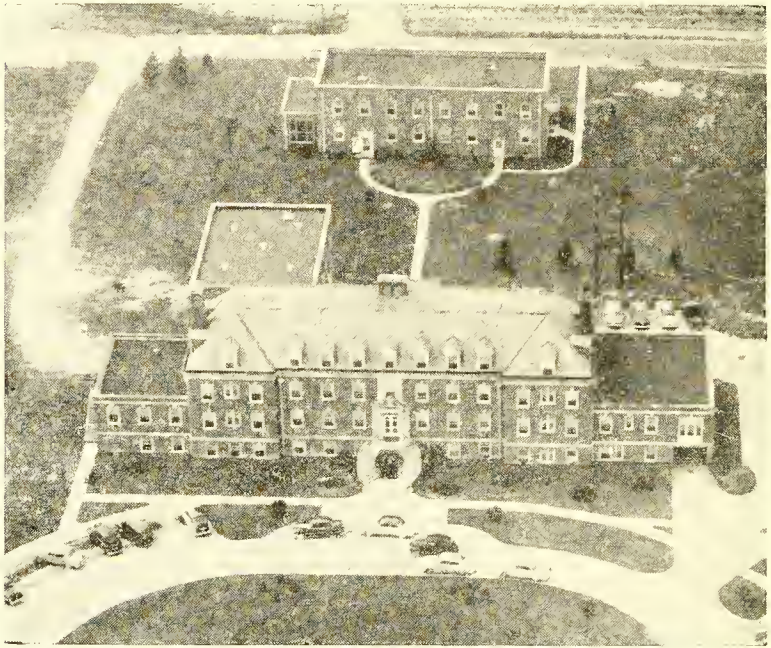

Most important in the progress of this growing town are the many religious opportunities for its people. With its very beginning established with the coming of a church its people have not forgotten such a heritage. There are six Protestant denominations and one Roman Catholic church within the town limits, and a number of smaller churches in the surrounding area. The Protestant churches are: Baptist, Methodist, Presbyterian, Episcopal, Church of Christ, Holiness, Free Will Baptist and Church of God.

Although not a rich county, Hertford as a whole is well advanced in modern education methods, and is proud that it ranks second in the state of North Carolina in scholastic rating. Ahoskie has a large accredited high school, a 20 room elementary school, for white students, and an equally modern high school and elementary school for Negro students. Our high schools offer special courses and training in agriculture, home economics, industrial arts, business education, music and dramatics.

Huge pile of timber on the yard at Barrow Manufacturing Company ready to be dressed for material used in the many wood products made here.

**The Roanoke-Chowan Hospital. Another wing has recently been completed on the north end. This makes it a 107 bed unit.**

Complete hospital and medical facilities are available to the citizens of Ahoskie and surrounding area at the beautiful Roanoke-Chowan Hospital. Since its opening in 1948 with a 50-bed unit, it has expanded to 107 beds and 14 bassinets, with an adequate number of trained nurses. Seven of the 14 medical doctors on the hospital staff are specialists. There are 4 dentists and 2 optometrists with offices in Ahoskie. The Hertford County Health Department holds regularly scheduled clinics here each week, and an Orthopedic Clinic is sponsored 1 day each month by the Ahoskie Kiwanis Club.

Accommodations for tourists are the Chief Motel, with 28 modern air conditioned rooms, and adequate parking space; the Tomahawk Motel, Ahoskie's newest, most modern 34 room unit. Each motel has a pool.

Dining facilities are available at the Tomahawk Restaurant on Highway 13 North, across from the Tomahawk Motel. In the downtown area the Manhattan Cafe and Hall & Eure Cafes serve the public. The Tee Pee Restaurant is open six days a week on US 13 South. Francis Barbecue is located on US 13 North.

Ahoskie has had the Town Manager form of government since November, 1957. The governing body consists of: Mayor, five Councilmen, and Town Manager, with the Councilmen and Mayor elected at large for two-year terms.

The financial status of Ahoskie is very good. The present bonded indebtedness is \$292,000. A bond issue was passed in August of 1958 to make possible a much needed street im-

provement program, and to add another deep well to the town water system. A new sewer disposal plant will be in operation by the Fall of 1963. This should take care of several years of expansion and growth. The present tax rate for the town is \$1.90 per \$100, based on 60% of true market value.

The town police force consists of 7 uniformed men. The patrol cars are fully equipped with two-way radios, and the State Highway Patrol maintains offices in a new building two miles from the corporate limits.

The town also maintains a volunteer Fire Department with 3 paid employees and twenty-five volunteer firemen, who man four pieces of modern equipment and a booster tank truck. The present insurance rate is 7.

Another interesting feature of Ahoskie is its number of active civic organizations, who are constantly working for the benefit of the community. Through their efforts we have a beautiful landscaped cemetery; a supervised summer recreation program, consisting of swimming classes, little league, Pony League and American Legion Junior baseball teams, a large play area for small children with swings and sand boxes; a picnic area with outdoor fire places and tables; a large well-lighted high school athletic field with bleachers; a newly lighted baseball park for the use of all baseball teams; an outstanding 70-member high school band; and many other worthwhile projects too numerous to mention.

Since 1923 Ahoskie has been very fortunate in having either a Chamber of Commerce or Board of Trade. The public spirit of the citizens connected with the different Chambers of Commerce and Boards of Trade have entered into and worked for all the improvements and developments of the town, and have been responsible for a great deal of its progress and growth. The efforts of those loyal men who have worked with these organizations in the past and those who are still working for the present and future of our town, will not have been in vain.

The present Chamber of Commerce is a most active and progressive organization. It serves not only its membership, but invites inquiries from both individuals and business firms. The Chamber takes pride in spreading the Ahoskie Story, and we are happy to serve you.

The National Guard Armory completed in August, 1954.

Ahoskie is known far and wide, not only for its unusual name, but for its friendliness to strangers and its benevolence to the less fortunate. We extend a warm welcome to all, whether passing through, or seeking a place to live, work, trade or play. The people who have lived here know that its possibilities for future growth are unlimited. We are proud of our heritage from the past; we are ever conscious of the present; and are constantly planning for the future.

# HILL'S AHOSKIE

Directory of Householders, Occupants of Office Build-  
ings and Other Business Places, Including a  
Complete Street and Avenue Guide

1963

Copyright, 1963, by Hill Directory Company

In the following list the streets are arranged in alphabetical order; the intersecting streets being shown. The number of each building on the street is given in numerical order, and opposite the number is placed the name of the occupants or houseowner or tenant. In the business blocks containing offices the occupants are shown by room numbers where practicable. In apartment homes the number denotes the number of the apartment. In all streets both sides of the street are included in one list. The profession or business of individuals or firms is given only at their respective place of business; to find occupation of others refer to Alphabetical List of Names.

The symbol © following a householder's name indicates that we have received information during the canvass that the house is owned by some member of the family, but as the publisher cannot and does not guarantee the correctness of the information furnished, nor the complete absence of mistakes no responsibility for errors can be or is assumed nor can the publisher furnish further information than that shown.

Telephone numbers, as supplied to us on our canvass are shown opposite names.

Figures in parenthesis denote old numbers.

The word street is not used in addresses. Where a designation av, cir, ter, etc., does not appear, the designation st is understood.

(The numerals that appear at right edge of columns, ahead of street descriptions and some street intersections, are merely for the guidance of the publishers, and have no other significance.)

(This section includes some listings reading "No return." In each case the Publishers tried diligently, by various means, to obtain the information for the occupants but were unsuccessful. First, two personal calls were made by an enumerator, next, a double postal card was mailed and the telephone used when possible.)

## **CASHIERS! TELLERS! CLERKS!**

*Do your employers furnish you with the  
latest edition of the City Directory?*

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

# **MR. CITIZEN!**

**CORRECT INFORMATION IS  
VALUABLE TO YOU!**

Cooperate with the City Directory enumerators to see that your name and those of your family are correctly listed in each edition. **Your name, listed correctly in the City Directory, is a great asset.** This has been proved thousands of times, especially in cases of employment application, proof of residence, questions relating to citizenship, applications for welfare assistance, distribution of mail, etc. Be better established . . . be on record as a local citizen by seeing that your name is not missed or incorrectly listed in the Directory.

# **Power of Advertising**

**THE CITY DIRECTORY** is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you?

**ADVERTISING** is the foundation upon which successful businesses are built. You must apply this to your own particular business.

**ADVERTISING** is the power of an idea multiplied.
